1. To develop a habit to refer reference books for preparation of various competitive examinations For Ex. in NSO | IMO Exam. CBSE Students also read State | ICSE Books or vice versa.
2. To prepare for future competitive examinations like IIT-JEE (For 16000 seats 10 lakhs students appeared) NEET (For 85000 MBBS seats 15 lakhs students appeared Exam from all over India.)
3. Science subject is practically oriented rather than theoretical. Dr. Homi Bhabha exam is the only exam based on practical knowledge. Like handling test tube, magnet, spring balance, chemicals, etc. in 6th & 9th Std.)
4. In Dr. Homi Bhabha | NSTSE | NSO exam Science subject is categorized into Physics | Chemistry | Biology from 6th std. So, Parents/teachers can identify students' potential in respective subjects and accordingly will develop an interest in a science subject.
5. Students can understand the exam pattern of various National level competitive examinations like NSO | IMO | NSTSE | iTHO | iRAO Exam in the Schooling age.
6. Mathematics / Mental ability (Intelligence test) is a very important subject to develop logic from age 11. Various exams like CAT | MBA-CET | MPSC | UPSC | BANKING | RBI | APTITUDE TEST at the time of campus recruitment in the topmost companies conduct tests based on logical reasoning / Mathematics.
7. This course simultaneously also covers the school syllabus of the State / CBSE / ICSE Board.
8. Competitive examinations are based on knowledge rather than learning & writing. Nowadays 70% of graduates/postgraduates are unemployable in the market due to lack of practical knowledge & thought process. (lack of decision making skill / analytical skill)
